

- RT-7700

SEQUENTIAL SIX MEMORY AUTOMATIC TAPE DISPENSER

Basic function of RT-7700 is same to RT-7000.

While RT-7000 can set six different pre-set tape length but can cut the specific length at one time, RT-7700 can set six different pre-set tape length in order so can cut tape in six different length at one time. For instance, 3cm, 2 cm, 4 cm, 6 cm, 2 cm, 4 cm order. This will be the best matching if your factory needs different tape length at one procedure.

RT-7700 is very easy in dissembling, doesn't need a drivel to open the main cover. Very convenient in spare part change and maintenance.
